Mr. Clarke:

X1
25X1A [redacted] called this afternoon to say that he felt [redacted] briefing to be only marginally related to our problems on the Fifteen Year Plan. He volunteered, however, that JCS' Joint Strategic Objectives Plan may be more closely related to the sort of thing we are faced with. He emphasized that he is not trying to sell us in trying to look into this, but that if you are interested he would attempt to get officers from the JCS to brief you.
